M. A. Lesem's Kneipp Sanitarium

ESTABLISHED 19 SUCCESSFUL YEARS

For the Cure of Acute and Chronic Diseases
Without Drugs

2455-2467 FIRST STREET, SAN DIEGO, CAL.

THIS institution is strictly a Kneipp Sanitarium. All treatments are administered in exact accordance with the precepts of Kneipp himself. Our marvelous success in curing the sick has been achieved through means of long experience, coupled with the knowledge of how to properly administer the various treatments, and by strictly confining ourselves to the Kneipp method of treatment. Numberless sufferers have come to us afflicted with very critical diseases which had been pronounced incurable by others. But with our method of treatment, we have obtained the most astonishing results, restoring them to perfect health. We hold in our possession numerous testimonials substantiating the above statement—testimonials freely tendered to us by the best people in the city and elsewhere.

All sufferers desiring relief, who are not familiar with the Kneipp treatment as is practiced by us are requested to call, and we will furnish them convincing proofs that any and all diseases, whether acute or of long standing, will yield to our system of using the Kneipp method of treatment. We charge nothing for consultation. Pamphlets furnished upon request.

INTRODUCTORY

It is a pleasure for the publishers of this directory to attest the splendid and wonderful growth of San Diego during the past year. Such growth as appears from the increase in the number of names in the work herewith presented, over the edition of the previous year, is unusual, and should be gratifying to the citizens of San Diego and those interested in its welfare.

Taking the total number of individual names that appear in the 1913 edition, deducting therefrom firm names and names that appear more than once, and multiplying the result by 2¼,—a very conservative multiple to allow for the women and children represented by heads of families—there is indicated a population of

84,533

people living within the city limits at the time the enumerators made the canvass. This shows a remarkable increase. Heretofore in estimating the population, it has been the practice to use the multiple 2½, but an actual test has demonstrated that 2¼ is the proper one to use, and this multiple has therefore been adopted by the publishers.

This directory contains 1365 pages and shows an increase of 342 pages over the 1912 edition.

The alphabetical list of names begins at page 89 and ends at page 1066.

The street and avenue guide has been corrected to date and many new streets added. It occupies pages 50 to 88e.

The map of the city used in this year's directory has been corrected to date and includes a complete list of the streets and avenues, showing the location of each.

Removals, alterations and additions received too late for regular insertion are found on pages 88g and 88h.

Pages 25 to 50 include a variety of information such as executive, county, city, state and federal officials, including the various boards and commissioners, consuls, chamber of commerce, church and religious organizations, missions, cemeteries, parks, halls and public buildings, fraternal organizations, trade and labor organizations, state societies, clubs, etc.

The classified business directory begins at page 1209 and covers 156 pages.

The general index, the index to advertising department and index to general information, will be found on pages 21 to 24 .

San Diego challenges any city in the United States to equal the ratio of her building permits which now yearly exceed $140.00 per capita.

CITY WATER

The city of San Diego has the finest water system of any city on the coast.

This supply of water is secured from water sheds in the heart of the mountain range east of the city in a territory where the average rainfall is more than 40 inches per year. En-route to the consumer the water is first filtered and then aerated and the capacity at present is sufficient for a city of 300,000.

THE HARBOR OF THE SUN

This is not only a commercial harbor, but is probably the finest and safest yachting harbor in the world, being perfectly land locked, with rough waters unknown. The Bay has natural channel waters, deeper and wider than those of Baltimore, Boston, or Philadelphia, and excelled by only four other American Harbors in these respects. When compared with any of the world's great ports, it can be proven conclusively that none possesses better opportunities for facilitating business.

One Million Dollars has been voted by San Diego to construct the first unit of a modern pier system. This work is now under way. San Diego owns its water frontage. Forty 1000 feet concrete piers will be constructed opposite the commercial district as the commerce demands. Six or seven million dollars will be expended later on the reclaiming of more than 1300 acres of land.

San Diego Harbor has depth, width and every other facility necessary to accommodate all the fleets of the world, were they to come here, and there would be no pushing or rushing for safe anchorage.

SAN DIEGO AND ARIZONA RAILROAD

The San Diego and Arizona Railroad is now being built at a cost of ten million dollars. The highest possible standard is being used in its construction, and it has the lowest grade and

INTRODUCTORY—Continued

shortest route of any trans-California road. It will be a link of the trans-continental railroads. The canal route, versus the short rail route to the Gulf of Mexico, makes San Diego a great competitive point. The higher altitude and arid country to the north determined Yuma as the southwestern railroad gateway by reason of the series of irrigation systems and lower level.

PANAMA CANAL

There is no doubt that San Diego during the next ten years will make greater strides in industrial activity and in population than any city on the Pacific coast. It has not only the climate, but the beautiful setting which will make it one of the great residential cities of the country. And it has a harbor that has been devised for the care of the world's commerce.

Panama Canal will open up the trade with Argentine, Brazil, Peru, Chili and Ecuador and will bring to this Western coast all the products that may be made in Eastern cities. The greatest population of the entire world lies in front of the Pacific coast, rather than in front of the Atlantic, and people will realize, as time goes on, that the cities of the Western coast will be vastly greater and more important than any city of the present day on the Eastern coast.

EXPOSITION

This Exposition will open January 1, 1915. It will close December 31, 1915. Nowhere else in the United States are found climatic conditions making such announcement possible.

The San Diego Exposition is being built NOW. Work on the grounds is far advanced; all buildings will be erected in 1913; the year 1914 will be devoted to beautifying the grounds and surfacing streets, plazas, etc.

The exposition site comprises 615 acres in the midst of a park of 1400 acres in the heart of the city, overlooking the city and ocean, with snow-capped mountains for a background.

The San Diego Exposition has been named the "Exposition of Opportunity". Its primary purpose is to bring to man a full and complete knowledge of his individual opportunity to find in the great states of the west, a home where climatic conditions are unequalled; where the land is calling to man to come and find prosperity and comfort, and where is now the greatest assurance of profitable returns on invested capital. In another sense does the San Diego Exposition spell "Opportunity." It offers to these states, now so needful of settlement to develop their vast and varied resources, an unparalleled opportunity to present an immense number of prospective home makers with exhibits peculiarly inducive to immigration.

The Association of American Directory Publishers

HEADQUARTERS, 202 E. TWELFTH STREET, NEW YORK

Organized November, 1898

OFFICERS:

President, J. L. HILL, Richmond, Va.
First Vice President, R. H. DONNELLEY, Chicago.
Second Vice President, W. H. LEE, New Haven, Conn.
Secretary-Treasurer, W. H. BATES, New York.

TRUSTEES:

W. H. LEE, New Haven.
WM. E. MURDOCK, Boston.
R. L. POLK, Detroit.
R. H. DONNELLEY, Chicago.
W. H. BATES, New York.
A. V. WILLIAMS, Cincinnati.
J. L. HILL, Richmond.
E. M. GOULD, St. Louis.
W. G. TORCHIANA, Philadelphia.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employes.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest, immediately telegraph

W. H. BATES, Secretary, 89 Third Avenue, New York.

Paradise Valley Sanitarium

The Paradise Valley Sanitarium is not simply a water cure, nor any kind of a special cure, for the reason that no single idea is sufficiently broad to cover all the needs of the ill. A characteristic feature of this leading institution of health is that the methods employed include the entire scope of hydriatic treatments, rational medicine and scientific surgery.

To the one suffering from any curable malady or desiring rest and quiet recuperation the Sanitarium offers, at a moderate rate, the combined advantages of a matchless climate and quiet suburban rest home, surrounded by nature's choicest collection of foliage and flowers.

The Sanitarium is provided with sixty cozy, comfortable outside rooms with steam heat, automatic electric elevator service, large pleasant parlors and verandas, physicians and attendants skilled in the mystic art of health training and a quiet, restful, wholesome atmosphere. Amid such conditions it may be truly said that health is well-nigh contagious.

Write, phone or call for rates and beautiful colored booklet.

VISTA

(Vista, San Diego County, California)

Located on Santa Fe Railway and on Main Automobile Boulevards. 10 miles from the ocean at an elevation of about 400 feet. 1½ hours, 45 miles from San Diego, California. 3 hours, 98 miles from Los Angeles, California.

Ideally situated convenient to the two most important cities and ports in Southern California, and where the Climatic, Soil and Water conditions are right, and where living is really worth while, Vista today offers to the investor the opportunity of an absolutely safe investment where he may reap the larger financial returns and where big money may be made on small investment.

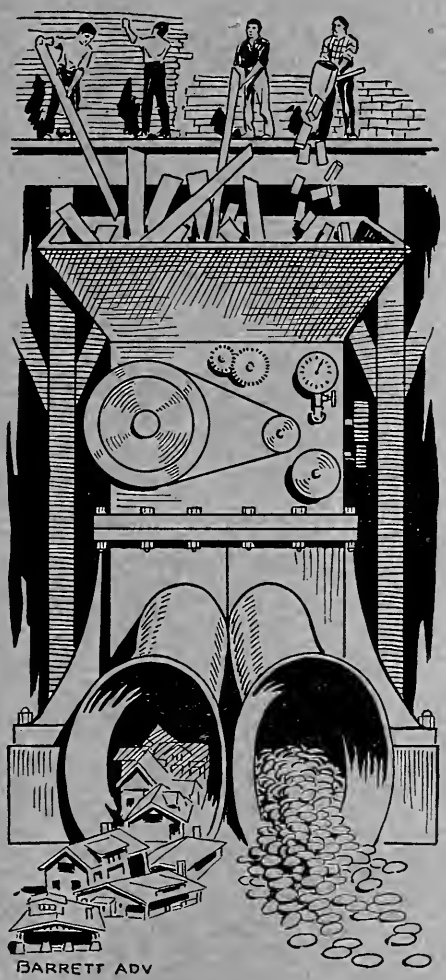
Buy "Standard Building" Stock and Profit by San Diego's Progress



The Building Machine

The picture tells the story. We're simply a highly efficient building machine. Our raw material is land and lumber—finished product, homes; and the final net result profits for our stockholders.

Fortunes are being made by San Diego's growth. The population is increasing, land values are rising, the people must be housed. And that's just where the "Standard" makes its money. We buy land by the acre, sell it by the lot; build houses at wholesale, sell them at retail.

We're on a Solid Basis Backed by Sound Assets

We own three big tracts in Los Angeles and one on University Avenue., San Diego. The growth of both cities means profits for us. And the nature of our organization simply GUARANTEES genuine co-operation—every stockholder an equal partner in the fullest sense of the word. Our two Unique Features; read them: 1. Any stockholder may at any time apply his stock on the purchase of any of the company's real estate offered for sale, receiving full benefit of all value increase in the stock from the date of purchase. 2. If you buy a home from us you may at any time exchange your cash equity for fully paid-up "Standard" stock.

Come in today; go over our books; post yourself thoroughly—then join us.

FROM CHINA
6000 MILES OF OCEAN BREEZES

The most Ideal place to have and to hold good health in Southern California is POINT LOMA HEIGHTS. It has always the pure and fresh Ocean Breeze. The winds of the Western Seas owe their origin to the meeting of hot and cold air currents which take action many miles away from land. Warmed by a tropical sun, purified by reason of its proximity to the water, these breezes reach POINT LOMA HEIGHTS full of Ozone and health giving qualities—free from contamination—clarified and purified. These prevailing breezes are from the NORTH WEST. No smoke from the city can ever drift towards Point Loma Heights. Beautiful view lots 50 x 140 in size. All high class improvements made. **Prices $850 to $1000.** Easy terms.
