Mrs. C. E. Radlbeck

Trailer Camp Operation Permitted to Continue

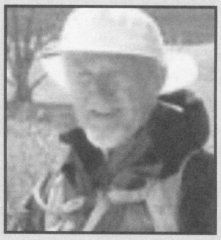

Mrs. C. E. Radlbeck yesterday was granted permission to continue operation of her trailer camp at 4343 Ocean blvd., Pacific Beach, until six months after victory. The city council, in granting the permission, sustained Mrs. Radlbeck's appeal from a decision of the city zoning committee, which had refused to grant continuance of the establishment. The council was promised yesterday that improvements would be made to conform more nearly to city regulations.

(Above) Except for "The Crystal Club" ad, the others appeared in the San Diego Union during the War Years when, not surprisingly, housing was at a premium. The "Crystal Club" ad appeared on May 5, 1955. I wonder if any readers were living in Pacific Beach at that time.
