NAMES APPEARING IN BLACK LETTERS

in this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

Does this happen in *your* office?

If you are troubled with chronic Directory borrowers, tell us about it, in confidence, and we will use our special borrower brand of salesmanship on the offenders.

What the Chamber of Commerce Stands For:

The upbuilding of San Diego County.
A better understanding among her citizens.
Co-operation in business and municipal affairs.
Opportunity for each individual to help in the work of development.
Beautifying the Cities.
Cleaner streets.
Encouraging the good feeling already existing between capital and labor.
Helping you get in closer touch with San Diego and her people.
Encouraging desirable immigration.
Working for conventions.
Encouragement of Manufactories.
A general bureau of information.
Making San Diego a great naval rendezvous, the port of commerce of the Southwest.
The annual distribution of some 500,000 pieces of advertising.
Promoting the purchase of San Diego made goods.
Creating a market for San Diego County products.
Helping everything that helps San Diego.

What We Are Working For:

Harbor with the best wharf facilities on the Pacific Coast. $1,245,000 appropriated and now being expended on harbor improvements.
Best paved city in the west.
To become one of the great commercial centers of the Pacific Coast.
A system of up-to-date Boulevards, and a State Highway from end to end of County.
General recognition of the fact that we have the finest climate on earth.
To make San Diego an ideal home land.
An international exposition all the year 1915.

For illustrated literature and information regarding San Diego City and County, write to or call on

Rector System of Gas Heating

is the greatest advance in the heating industry of the past 50 years. It burns gas—the most convenient fuel—without any of the objections hitherto associated with gas heating and with many advantages which cannot be obtained with steam, hot water, hot air or any other method of heating, and in addition is less expensive than any other method of heating.

HOSPITALS

Paradise Valley Sanitarium

The Paradise Valley Sanitarium is not simply a water cure, nor any kind of a special cure, for the reason that no single idea is sufficiently broad to cover all the needs of the ill. A characteristic feature of this leading institution of health is that the methods employed include the entire scope of hydriatic treatments, rational medicine and scientific surgery.

To the one suffering from any curable malady or desiring rest and quiet recuperation the Sanitarium offers, at a moderate rate, the combined advantages of a matchless climate and quite suburban rest home, surrounded by nature's choicest collection of foliage and flowers.

The Sanitarium is provided with sixty cozy, comfortable outside rooms with steam heat, automatic electric elevator service, large pleasant parlors and verandas, physicians and attendants skilled in the mystic art of health training and a quiet, restful, wholesome atmosphere. Amid such conditions it may be truly said that health is well-nigh contagious.

Write, phone or call for rates and beautiful colored booklet.

NAMES APPEARING IN BLACK LETTERS

In this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

International Theosophical Headquarters

Point Loma, California

The Grounds of the International Theosophical Headquarters are open to visitors daily (except Sundays) from 1:00 to 4:00 p. m. During 1915 Grounds Will Be Open From 10:00 a. m. to 4:00 p. m.

The Headquarters of the Universal Brotherhood and Theosophical Society, at Point Loma, with the buildings and the grounds pertaining thereto are no "Community", "Settlement", or "Colony". They form no experiment in Socialism, Communism or anything of similar nature, but are what they stand for: the Central Executive Office of an International Organization where the business of the same is carried on, and where the teachings of Theosophy are being demonstrated. Midway 'twixt East and West, where the rising Sun of Progress and Enlightenment shall one day stand at full meridian, it unites the philosophic Orient with the Practical West.

INTRODUCTORY

As publishers of the San Diego County Directory, we have had our ability taxed to the utmost in the publication of the 1914 Directory, because of the re-numbering of the City of San Diego. We delayed beginning work as long as possible in the hope of securing accuracy; yet it has been of hourly occurrence with our canvassers that on going to a residence the householder has given one number, the number on the house is another, and the correct number, recently adopted, is different. In other words, many houses have the conflict of laboring under three separate and distinct numbers, one of which, of course, is right; and we have sought to find this number, but the work has been long, hard and costly. We have had the aid and assistance of city officials and the community at large.

POPULATION.

The United States Government, through the Census Bureau, has, for the purpose of business operation, grouped the urban community adjacent to large cities and all tributary territory, served by rapid transit lines and within commuting distance, and called it a metropolitan district.

As there is no community where the interests are more the same than they are in San Diego and adjoining territory, we have thought it wise in making up our census enumeration to include the adjacent community and say that the metropolitan district of the City of San Diego contains a population of

100,000

GOVERNMENT.

Since 1909 the City of San Diego has been under a commission form of government. Five Councilmen, elected for four years, and a mayor elected for two years, form the controlling body. Each Councilman is at the head of one of the five departments: 1. Finance; 2, Water; 3, Police; 4, Fire; 5, Streets and Buildings. All employees of these departments are appointed by the Council, except the Auditor, who is appointed by the Mayor, with consent of Council. The Mayor appoints the Board of Health, five members; Library Commission, three members; Park Commission, three members; Cemetery Commission, three members; Playground Commission, three members.

The City Treasurer and the Board of Education of five members are elected by the people. All franchises and bond issues must be approved by the people, and all ordinances are subject to a referendum. The people may also initiate legislation and recall any elected official.

AREA.

Area, 72 square miles. GREATEST LENGTH, 20 miles. GREATEST WIDTH, 4 miles.

Total estimated value of real estate and personal property, $160,336,965.00.

FINANCIAL.

Number of Banks	12

Classification—Bonded Debt.

Water Bonds	$6,570,883.71
Sewer Bonds	550,329.00
Park Bonds	1,846,250.00
Harbor Bonds	1,351,000.00
Miscellaneous Bonds	473,750.00
	$10,792,212.71

Tax Valuation Year 1914, $85,000,000.00.

Tax Rate Year 1914, $15.70 on $1000.00.

Bonds and interest payable in gold coin, San Diego and New York. Cash in Bond Interest and Sinking Fund, $67,287.10. Taxes payable June 1, 1914. There has been no default in the payment of the city's obligations and no litigation as to legality of city to issue any of above mentioned bonds.

Bonding Capacity this date, $1,957,787.29.

FIRE DEPARTMENT.

The personnel of the fire department is of the highest type. This fact, together with the most modern equipment and superb water supply, gives the city ample protection, with correspondingly low rates of insurance. There are 195 Gamewell boxes, 11 stations and 70 men.

The department is motorized, with the exception of one company.

THE VALUE OF BUILDINGS AND EQUIPMENT IS $233,940.00.

POLICE DEPARTMENT.

This department consists of 115 persons. It is splendidly disciplined and its administration is along thoroughly modern lines. Traffic men with large powers are placed at congested corners. Aside from these men, there are roundsmen, motorcycle men, mounted officers, detectives and auto drivers of sufficient numbers to insure the best of order and security.

VALUE OF BUILDINGS AND EQUIPMENT, $83,834.00.

THE WATER DEPARTMENT.

August 15th, 1912, the water system supplying the City of San Diego, became the property of the municipality, previous to that date it had been controlled by a private corporation.

The complete system is the largest of its kind in California, outside of the aqueduct system of Los Angeles.

INTRODUCTORY—Continued

The water is first taken from the Morena Reservoir, sixty miles from San Diego, with a storage capacity of 15,000,000,000 gallons. From here it passes through a natural channel to what is known as the Barrett Dam Site. At this place the City has planned to build another dam, thereby forming a second reservoir of 15,000,000,000 gallons. From Barrett dam-site, the water is carried to the Dulzura Creek bottom, through what is known as the Dulzura conduit of concrete, 13.38 miles long. The conduit, at its lowest end, delivers the water into another natural channel, known as the Dulzura Creek. This stream carrier the water into the Otay Lakes. The upper Otay has a capacity of 1,090,000,000 gallons; the lower Otay has a capacity of 13,000,000,000 gallons. From here the water is taken to the Chollas Heights Reservoir, about four miles from the city limits of San Diego, where it is filtered. This reservoir, itself, holds 90,000,000 gallons. From Chollas Heights, the water is delivered to University Heights Reservoir, where it is aereated. This gives to San Diego the greatest storage capacity of any system west of the Rocky Mountains.

A very important factor to be considered as that the average rainfall in San Diego City is only 10.01 inches, while in the mountains, sixty miles from San Diego, where our water supply is obtained, the average is from 25 to 40 inches.

THE CITY OWNS 11,000 acres of land, and has water-sheds as follows:

135 square miles.....Morena Watershed.
135 " " .....Barrett and Pine Creek.
100 " " .....Otay Lakes.
70 " " .....Lower Cottonwood Dam.

City owns also a dam-site on Tia Juana River.

EXPOSITION.

The Panama-California Exposition, to be held in San Diego throughout 1915, is not, like world's fairs of the past, a celebration of something which occurred a century ago. It is not a memorial of a great event, rather a heralding of the mightiest achievements the west coast will ever have seen.

The value of this geographical location as the first port of call depends entirely on the extent and the purchasing and selling power of the back country. It is of prime interest to know what this back country is. To determine it, figure the zone which can bring its materials from eastern points more cheaply by rail and water, via the Canal and San Diego, than by any other route. That zone has been figured, and it may be a matter of general surprise to know that it includes not only southern California and Arizona, but also New Mexico, most of Nevada, southern Utah and southwestern Colorado.

Much of this section is sterile, but there is a vast acreage which by the use of water, available without great difficulty, can be made as fruitful as the best farmlands. It is proved by the 8,000,000 acres of land now under development and producing something like $143,000,000 a year in farm products alone. There are 36,000,000

acres more that are potentially just as valuable. On the same basis of figuring, then, this country can and must eventually produce three-quarters of a billion dollars from its farms. The materials they will use and the products they will ship out should, and apparently must pass through San Diego. These are astounding figures, but they are taken from the carefully compiled statistics of the government census bureau.

With so much depending directly on the agricultural upbuilding of the southwest, San Diego's Panama-California Exposition has devoted a great amount of energy to means best adapted to stimulate development. Thus, a great part of the exhibit space in the 1,400 acre Balboa Park is given over to outdoor display, practical, working demonstration of large scale and intensive farming methods. It has been made novel and interesting with a particular view to encouraging a back to the land movement, one which will bring city men and city women into the golden west, to stay as settlers and do their share in making those 36,000,000 acres bloom and bear as the 8,000,000 acres of today. One display shows that the old style farm is a thing of the past, and that today machinery is saving the bulk of labor. Another shows that with a small acreage, purchased with a minimum of capital, equipped economically, managed with a minimum of physical labor, it is possible for the "little lander" to make a good profit—and at the same time enjoy social advantages which are essential to the welfare of himself and his family. Great things have been accomplished in the last decade, but far greater things are ahead.

Railroad development is a most important complementary feature to the opening of the Canal. The latter provides for service all the way from San Diego to the eastern seaboard. The roads, now built and to be built, must provide service for the back country. Railroad development and land devolpment walk hand in hand, mutually helpful and both contributing steadily to the advancement of San Diego, the first port of call.

With a mightily serious purpose the San Diego Exposition has chosen its means well. The traditional ideas of the old world's fair have been forgotten. Lifeless exhibits are abandoned, and moving, appealing, vitally interesting exhibits have taken their place. Finished products are gone, and the processes whereby those products are created, are shown instead. Of beauty there is a plenty, but always it has a special significance. The style of architecture, pure Spanish Colonial, was chosen not only because of its remarkable beauty, but also because it was in harmony with the landscape, and because it was closely interwoven with the romantic history of early California. The amazing beauty of the horticultural display, the trees which fill the canyons and line the streets, the shrubs in the gardens, the bright-blooming vines, the brilliant flowers—not only is it beautiful but it is an example of what can be done elsewhere in southern California.

The Exposition will teach a great lesson, a lesson which will be learned and put into practice in the years to come, and beautiful are the ways in which the lesson it taught.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

Directory Advertising Reaches the Public—Try it.

The Association of American Directory Publishers

HEADQUARTERS, 202 E. TWELFTH STREET, NEW YORK

Organized November, 1898

OFFICERS:

President, J. L. HILL, Richmond, Va.
First Vice President, R. H. DONNELLEY, Chicago.
Second Vice President, W. H. LEE, New Haven, Conn.

TRUSTEES:

W. H. LEE, New Haven.
WM. E. MURDOCK, Boston. A. V. WILLIAMS, Cincinnati.
R. L. POLK, Detroit. J. L. HILL, Richmond.
R. H. DONNELLEY, Chicago. E. M. GOULD, St. Louis.
W. G. TORCHIANA, Philadelphia.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employes.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest, immediately telegraph

General Information

CHAMBER OF COMMERCE OF SAN DIEGO COUNTY.

Broadway, nw cor Second.

(Organized Jan. 20, 1870.)

Its objects are: To induce immigration: to stimulate home manufactures: to promote the business interests of California; to foster and encourage commerce as well as assist in the development of the mineral resources of this region.

This organization is composed of representative citizens and business men of this city and county.

A permanent exhibit of the agricultural, horticultural, mineral and industrial products of the county is maintained and is open to the public from 8 a. m. to 5 p. m. every day, Sunday excepted.

Free illustrated lectures are given daily at 10:00, 11:00, 1:30, and 3:00 o'clock on San Diego, The Exposition and The Back Country, in the lecture room of the Chamber, to which everybody is welcome.

Officers and Directors:
Will be found on page 29 of this Directory.

Regular Meetings of the Board of Directors will be held at 4 p. m. each Wednesday during the year.

NAMES APPEARING IN BLACK LETTERS

In this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

NAMES APPEARING IN BLACK LETTERS

in this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

ROCK LEDGE SANITARIUM

SANITARIO DEL PENASCO

ESCONDIDO, CALIFORNIA

A Sanitarium built after the best methods of sanitation, with its equipment modern in every respect. A Solarium for special treatment. It is surrounded with citrus orchards, the views from its porches unexcelled.

Home cooking, soft water, fresh fruits and vegetables, dairy products and poultry.

An ideal place for rest and convalescence with the natural treatment for invalids: using curative methods of proven value in medicine.

San Diego is the nearest city, easily reached by the Santa Fe R. R.; also the Escondido Auto Stage, going each way every hour in the day.

No mental or infectious cases can be cared for in the Sanitarium.

Terms: $25.00 and up per week in advance.

OCEANSIDE

KNOWN AS THE "CARNATION CITY"

Located on the Coast 40 miles North of San Diego and 90 miles South of Los Angeles. Is an incorporated City of the Sixth Class, containing a population of about 1200 inhabitants.

Situated on the Main Line of the Atchison, Topeka & Santa Fe R. R., the terminus of the Escondido, Fallbrook and San Luis Rey Branch lines.

City owns fine Water System, water for domestic purposes and for irrigation sold as low as .05c per 1000 gallons, the cheapest water for domestic purposes in the State.

Finest and safest beach for bathing on the whole coast of California. In the history of the town, no life has been lost from surf bathing.

Just installed a modern sewer system covering 80 blocks.

Electric lights, fishing pier, etc., etc.

VISTA

(SAN DIEGO COUNTY, CALIFORNIA)

Located on Santa Fe Railway and on Main Automobile Boulevards. 10 miles from the ocean at an elevation of about 400 feet. 1½ hours, 45 miles from San Diego, California. 3 hours, 98 miles from Los Angeles, California.

Ideally situated convenient to the two most important cities and ports in Southern California, and where the Climatic, Soil and Water conditions are right, and where living is really worth while, Vista today offers to the investor the opportunity of an absolutely safe investment where he may reap the larger financial returns and where big money may be made on small investment.

NAMES APPEARING IN BLACK LETTERS

in this Directory represent the ENERGY AND PUSH of the city, and it is a pleasure for the publishers of the Directory to have the opportunity to make the public acquainted with them through our pages. Those in BLACK LETTERS are the people who ACCOMPLISH THE WONDERS in business here and make the city what it is. They recognize and support all public necessities and things needful to improve and serve a city. They are NOT DRONES AND SPONGES who never support anything, and thereby gain by others' hard work and money. When you PATRONIZE THOSE IN BLACK LETTERS you patronize men and firms who will patronize you in the same broad manner in which you patronize them.
