ANN
1914
ADAMS

THE purpose of the log is to form a permanent record of each day during the school year in order that a person desiring to refresh his memory of any event, or events, may readily do so by referring to the log. For the older cadets especially is it valuable for soon they will be in college or university and it is then that they treasure and enjoy the memories of academic days.

In the annual, however, owing to lack of space, it is only possible to give a brief resume of the log in which will be found the more important events of the entire year.

1913.

September 15. Opening day of school.

September 17. Exceptionally hot day. The warmest for twenty years in San Diego.

September 18. First football scrimmage.

October 4. The Escondido Game. We win by a 6-0 score.

October 9. The Cadet begins its annual program.

October 11. Santa Ana High vs. Army & Navy. Score 14-0 favor of Santa Ana.

October 16. Faculty Meeting on scholastic standing. Football men keeping high marks.

October 18. Long Beach Game. They are regular "house-movers" and beat us 28-0.

October 25. The Venice Game—We win.

November 1. Army & Navy Academy vs. Whittier—Licked.

November 10. Giants-White Sox Baseball Game. Giants win by a 4-3 score.

November 15. Chaffee Union take a game from us by a 14-0 score.

November 27. The Thanksgiving Game. The High School boys are too much for us and they grab the bacon.

December 19. Christmas Vacation begins.

1914.

January 5. School takes up again.

January 25. Change in schedule made because La Jolla Line does the "donkey act." This is nothing new and we are about expecting it daily. The report is circulating that the road has recently bought a Mallet compound for heavy traffic. Its number is to be 4. They also say the road is to be electrified but although we are not from Missouri yet showing us is altogether in order.

January 30. Dance at Palace Hotel. Very enjoyable evening.

February 9. Mid-year exams begin. Stiff, too.

February 10. The Senior Class organize and get started upon their program.

February 13. Friday—but nobody is superstitious here.

February 25. The Literary Society is doing fine work under Dr. Cleven's careful tutorage.

February 27. The battalion attends, as usual, the Popular Symphony Orchestra monthly concert.

April 1. Senior picnic enjoyed by all. Dr. and Mrs. Cleven act as chaperones.

April 4. We get Redland's scalp.

April 7. Another dance at Palace hotel, "Moonlight stuff."

April 17. Baseball practice in full swing.

May 8. Storm brewing. Mgr. Reed goes north to see how the Los Angeles baseball magnates feel in regard to taking the Academy team up.

May 20. Editorial Election held for next year. Results: Scripps, editor-in-chief; Fitzgerald, business-manager.

May 28. Weather brighter and general conditions much improved.

Representatives leave for Poly High in Los Angeles to attend Student Press Association Meeting.

June 1. Annual Cadet Rally held in the Chapel. Senior Class meeting held to get dance proposition under way.

June 2. Nice day. Exams start tomorrow so go to bed early tonight.

June 3. The Academy is as quiet as a morgue all day. Every cadet is working faithfully on the examinations.

June 7. Baccalaureate Sermon by Dr. Edwin F. Hallenbeck, First Presbyterian Church. Very fine address.

June 10. Field Day, baseball game, and Senior-Junior dinner given by Capt. Davis.

June 11. Dr. Baer's address, Competitive Drill, Battalion Parade, and Sham Battle. A large crowd in attendance.

June 12. Closing day of year 1913-14. In the afternoon the graduating exercises take place and the events of the year are concluded by the Senior Dance at the Grant Hotel.
