CHULA VISTA

(Beautiful View)

Lying along the Bay, about seven miles south of San Diego, is the attractive suburb of Chula Vista. It commands a fine view of the waters of the Pacific, Coronado, Point Loma and the City of San Diego; while to the south the landscape is filled with glimpses of citrus orchards, with vistas of the distinct Mexican mountains.

The climate of Chula Vista is the same as that of San Diego and the entire bay region, the average annual temperature being about 61 degrees.

The soil is adapted to the production of lemons, oranges, grape fruit, peaches, plums of all kinds, almonds, apples, pears, berries and vegetables, but the most popular crop is the lemon, as climatic conditions are particularly favorable to its cultivation. Water is supplied from Sweetwater Reservoir, at the annual rate of $7.00 per acre. This entitles owners of land to 350,000 gallons per acre yearly, which is ample for any orchard. This suburb enjoys good electric transportation facilities which, together with its nearness to the city, makes it a desirable residential section for those desiring to combine city and country life. It has many educational and social advantages, including modern schools, churches and clubs.

NATIONAL CITY

Located adjoining San Diego on the south along the eastern shore of the bay of San Diego, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban homeseeker, the investor and the manufacturer. The present population of National City is upward of 4000.

National City is only about twenty minutes ride from the business center of San Diego on the San Diego electric line. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a $10,000 building; churches of six different denominations own their own houses of worship; there is a notable absence of crime and the residents are of a good class. Nowhere can better suburban home conditions be found:

OCEANSIDE

Known As the "Carnation City"

Located on the Coast 40 miles North of San Diego and 90 miles South of Los Angeles. Is an incorporated City of the Sixth Class, containing a population of about 1400 inhabitants.

Situated on the Main Line of the Atchison, Topeka & Santa Fe Ry, the terminus of the Escondido, Fallbrook and San Luis Rey Branch lines.

The City owns a fine Water System, water for domestic purposes and for irrigation being sold as low as .05c per 1,000 gallons, the cheapest water for domestic purposes in the State.

Finest and safest beach for bathing on the whole coast of California. In the history of the town, no life has been lost from surf bathing.

Has a modern sewer system covering 80 blocks.

Electric lights, fishing pier, etc., etc.

RAMONA

Located in the Santa Maria Valley, 37 miles northeast of San Diego, on the road to Julian and Warner Springs. From El Cajon to Ramona this road is one of the best and most scenic in Southern California. Ramona has a population of about 600, two churches, fine school and is the commercial center of the valley.

Get All the *Facts* First!

Before you spend any money on advertising, we give you a complete survey of the field, either local or national; an analysis of the mediums available,—from 24-sheet posters down to a 2-line classified ad., from a 10-reel motion picture down to a $10 direct-mail campaign; and a full estimate of costs. We are the exclusive agents for San Diego's largest advertisers.
